

# SPARK PLUG & COIL WIRE REPAIR KITS

## Spark Plug & Coil Wire Repair Kits

- Taylor Repair Kits provide easy replacement for damaged individual wires.
- Spark Plug Wire Kits have factory installed 90° plug boot on one end and 180° spark plug boot on the other (except 135°, LT1, & LS1 Kits).
- 135° Spark Plug Kits have 135° terminal and boot on one end only.
- All leads are 54"; both HEI and socket-style distributor ends provided in kits.
- The LT1 Kit comes with the Opti-Spark connector factory installed - a 90° spark plug boot/terminal and HEI boot/terminal are provided to complete the other end.
- Coil Wire Kits are 36" and come with all components required for HEI or socket style distributor and coil end installation
